Rainow Parish Council notes the content of the Bollington Neighbourhood Plan and commends the Town Council and all those who have contributed to the plan for its attention to the detail set out in the plan.

The Parish Council welcomes in particular the views of the many which are expressed in the plan who value the location of Bollington on the edge of the Peak Park Fringe. Residents wishing to ensure that the surrounding green belt land and the countryside continue to be protected from any form of development.

Finally Rainow Parish Council note the need as set out in the plan to find additional locations for housing, it being noted they should ideally be in locations where there can be some in filling between developments rather than on new previously undeveloped sites.

Rainow Parish Council wish Bollington Town Council and its residents the best of luck in meeting the housing needs for the future taking into account the challenges which are set out in the plan and as provided for by Cheshire East Council within the Bollington settlement boundaries.
